Dear Mr. Weisberg,

1-12-97

Hi & Thanks for sending your list of books.

I'm enclosing my check # 2629 for $117.00; for my order which is enclosed.

I've never read your books; but I keep reading references and short quotations from your books in quite a few books which I have read regarding the JFK Assassination, Oswald etc. One indicated you are the dean of assassination researchers and listed your address, hence my reason for writing to you.

Thank you so much for recommending the Last Harrah bookshop. I assume you are recommending "Case Open" and "Never Again" as books I should read. Do you recommend any others? I would particularly like to hear your opinions of the books of Mark Lane, Jim Garrison and Michael Collins Piper.

Thank you so much and...

Kindest regards,
Greg Wilfinger
